Proposal Spots

COLORS · TYPOGRAPHY · COMPONENTS · VOICE

A curated archive of the world's most romantic proposal locations. High-end travel editorial meets
Airbnb — quiet, romantic, confident. It does not shout.

01 — COLOR

The Palette

Warm, sun-washed neutrals with a single terracotta accent. Never bright white, never a cold grey. Muted text is ink at reduced opacity, not a grey hex.

Two Typefaces

Cormorant sets every headline. Jost carries all UI, labels and body. Weights stay light — never 600, 700 or 800. Type steps back so photography leads.

THE RULE

Contrast comes from weight and size — never bold, never italic, never a color flip.

Light weight for calm. Medium weight for emphasis. One accent, used sparingly.

Elements

Thin, delicate, understated. Outlined buttons only — no fills that appear on hover, no drop shadows, generous white space. Pill radii and soft corners throughout.
